

Lab Report Checklist	
LAB: Comparing the Physical Properties of Ionic and Molecular Solids.	
FORMAT	
All sections included in the correct order with titles underlined.	/1
Report is neatly organized and typed	/1
Report is written in past, impersonal tense	/1
Grammar & spelling are correct	/1
COMPONENTS	
Title Page: • Written out correctly	/1
Purpose: • Written out correctly	/1
Materials/Method: • Written out correctly in column format	/1
Procedure: • Referred to with text and page references; all changes recorded	/2
Observations: • Written neatly in table format	/2
• Detailed observations of each physical properties using scientific terminology	/2
• Correct determination the type of compound	/1
Analysis: • Answers are in complete sentences	/1
• Accuracy of answers:	
1.	/2
2.	/2
3.	/2
4.	/2
Conclusion: • Conclusion is written in complete sentences	/1
1.	/4
TOTAL:	/28
